

November 2017

Well steelhead season has arrived!

The hole in the ground came home from the salmon River a bit dissapoited as they had over 7 inches of rain and blew out the river. Like any good fisherman they adapted and went west to a couple of other streams. Steve told me that they were able to fish picking up one fish for each guy.

I brought Ed Rosenbloom with me to the Erie tribs and he was not dissapointed at all. Ed for his first expericence picked up 9 fish and lost that many. I was top fisherman with over 20 for the day and lost one fish that was close to 30 inches-that steelhead fishing.
