

September 2017

Well, September is here and our first meeting is at the end of the month.

If you have been out fishing this summer, most people are saying that it is the best they have seen in a long time. I know, I have had a great season. Every outing just about I have caught fish and reports are the canal has been holding large fish –if you doubt that ask the new canal rats –The “Dewars”

We are looking for new ideas for this year so please speak to one of the board members what you would like to see? I also want to announce that Ed Rosenbloom has been elected to the board and will be arranging club trip, assisting Howie. I know he has a shad trip planned so keep an eye open for this in the newsletter and the web site.

With the summer winding down and the bait really starting to show and fish thinking about heading south, the albies are beginning to show. Found out where they are and bring both a fly rod and spinning (dread full huh) and have the time of your life catching them.

Speakers are getting lined up to speak at the meeting, we do have some dates available. If you know of anyone that would be of interest please let me know so we can speak to them about a presentation to the club.

Let's see if anyone has been taking photos this summer –send them to Steve so he can post them on the web site. Maybe, we can call it bragging but it is fun to see what everyone has been doing.

I do want to mention that we all should feel for the people in Houston and Florida with the Hurricane that survived and for those that lost their lives condolences.

At the meetings voice your opinions this is your club.

Tight lines hope to see you on the water

Joel
